30 MINUTE TALKS

11:30am - 5:30pm

PRESENTERS

11:30-12:00 – Mary Helen Schmidt

“Animals in Spirit: Their Perspectives & Ideas for Humans & Their Daily Life”

Join Mary Helen as she creates a circle and sacred space for those who would like a message from their animal companion. In this space she will ask the animal(s) for advice about ways that will help, support and navigate their person through this new year. The advice can be given on behalf of a current or passed animal with a focus on healing, growth and deepening the animal and human relationship.

12:00-12:30 – Dr. David Hogg, ND

“The Ultimate Cause of all Disease”

If you could lower your medications by knowing what is causing your symptoms, would you want to know? Many doctors have known for 100 years what causes disease. Dr Hogg will explain these causes and what you can do about them, and how the foods we love could be contributing to your condition.

12:30-1:00 – Stela Sharp

“Higher Self Guidance and Healing through Quantum Healing Hypnosis (QHHT)”

In this captivating talk, Stela will share how we can tap into the Infinite Intelligence and Healing Powers of your own Higher Self through Quantum Healing Hypnosis (QHHT®). The Higher Self is the eternal, all-knowing part of you which has the answers to all of your life questions and struggles, and can provide you with guidance and healing from any physical ailment or pain, emotional or mental trauma, subconscious block, self-limiting belief, negative thought pattern, and any other issue that may be affecting the quality of your life. QHHT allows us to open the Communication Line to this higher part of you by gently guiding you into the deepest state of Consciousness and bypassing the analytical mind. Join Stela to learn about the transformative and life-changing benefits of QHHT, which can save you years of soul-searching and guide you towards a life of wholeness, inner peace, and bliss.

1:00-1:30 – Jason Carlson, CQTP/I

“Meet your Guardian Angel”

Are you interested in connecting with the Divine in a deeper way? Our Angels each have a divine purpose and specialties and are here to lovingly assist us if we ask. Enhance your life by learning how to build and strengthen these bonds of unconditional love and divine guidance, custom-made just for you.

Jason will explain the process of connecting deeper with our Angels and then will guide the group in an exercise to each meet and experience the presence of their Guardian Angel.

30 MINUTE TALKS

11:30am - 5:30pm

PRESENTERS CONTINUED

1:30-2:00 – Lavanga Schlette

“Meet the Practice of Mantra Meditation”

Mantras are more than affirmations – they are magical and powerful friends. Done privately or collectively, learn how you can add mantra meditation to any current practice, and how it can become a key component to your personal self-care routine. Bring a mala if you have one...we'll be chanting!

2:00-2:30 – Coach Ken Kehs

“From Resolutions to Results: The 5 Essentials for Lasting Change”

Why do so many resolutions fade by February? In this interactive talk, Coach Ken will guide you through the five essential elements most people overlook when trying to create meaningful change. You'll walk away with fresh insights and simple, actionable steps you can begin using immediately to turn your intentions into lasting results.

2:30-3:00 – Dr. Jason Dixon, D.C.

“Awakening your Cosmic Current”

Most of humanity has forgotten the current of life flowing through us, closing down the flow of the very Source that sustains our being. Yet within you lies a luminous system, designed to channel the energy of love and vitality. In this interactive class, we will awaken that system, dissolve the blocks of disconnection, and remember together what it means to be a living conduit of Source. Come ready to open, to expand, and to let the cosmic current move freely once more.

3:00-3:30 – Patricia LaDale Lane, BMsc, ICRT LMRT

“How Crystals Help Us Heal”

Do you want to know more about Crystals? Join Patricia Lane for an informal discussion about how crystal energy works to help us tune into higher vibrations and even tune ourselves to higher frequencies.

30 MINUTE TALKS

11:30am - 5:00pm

PRESENTERS CONTINUED

3:30-4:00 – Lisette Ransdell

"Annual Profections: Identifying the Theme of Your Year"

This 30-minute talk introduces Annual Profections, a traditional predictive technique from Hellenistic astrology used to identify the primary themes active in a given year of life.

Lisette will explain:

- What Annual Profections are and where the technique comes from
- How profections move one house per year
- How to identify the profected house and its Time Lord
- What the Time Lord represents in terms of yearly focus and life themes

The talk will include a clear overview of the method and one simple example to demonstrate how profections work in practice. This is an introductory talk designed to provide orientation and understanding of the technique, not full chart interpretation. To follow along, attendees may wish to have your date of birth, time of birth and place of birth.

4:00-4:30 – Angela Sellers

"Connections that Impact our Lives"

Connections that Impact our Lives is an overview presentation meant to highlight the differences and similarities of the types of connections we encounter in our daily lives and why. The specific types of connections covered in this presentation briefly are yourself, background characters, karmics, soulmates, twin flames, and sacred unions. Each has their own places and role in our lives to assist us along the journey of healing and transformation.

4:30-5:30 – 1 hr. class w/ Sandy Winnette
