30 MINUTE TALKS

11:30am - 5:00pm

PRESENTERS

11:30-12:00 – Stacy Montero Morris, MBA

"Balance & Burn: A Plant-Based GLP-1 Solution for Natural Weight & Wellness Support"

Are you looking for a more natural, holistic approach to managing cravings, supporting healthy weight, and creating better balance in your body? Join us for an enlightening discussion on Balance & Burn, a plant-based wellness solution designed to support the body's natural GLP-1 pathways and metabolic function. In this presentation, we'll explore how nature provides powerful tools to help nourish the body, promote satiety, support healthy blood sugar balance, and encourage sustainable wellness without extreme diets or deprivation. You'll discover how plant-based ingredients work in harmony with the body's innate intelligence to support energy, metabolism, and overall vitality.

12:00-12:30 – Sharon Glenn Spiess

"Moving Energy in Our Mind, Body & Spirit to Bring About Balance and Healing Within"

We are all connected energetically to this earth and each other. Tapping into that energy can be done throughout our day. In this 30 Minute Talk, Sharon Spiess discusses how energy moves through everything and how tapping into that energy to raise one's vibrational frequencies can bring about balance and healing. There are several easy techniques Sharon discusses that can be done throughout the day to accomplish this.

12:30-1:00 – Coach Ken Kehs

"What's Underneath"

Your body has a dashboard, and the warning lights have names: fatigue, brain fog, anxiety, restless sleep, gut issues. Most of us learn to switch them off instead of asking what's underneath. In this 30-minute session, engineer-turned-coach Ken Kehs explores stress in all its forms; physical, emotional, and the hidden chemical and biological load most people never consider. And why a body stuck in "fight or flight" can't fully heal. We'll close together with a guided group energy transfer.

1:00-1:30 – Dr. David Hogg, ND

"The Ultimate Cause of all Disease"

If you could lower your medications by knowing what is causing your symptoms, would you want to know? Many doctors have known for 100 years what causes disease. Dr Hogg will explain these causes and what you can do about them, and how the foods we love could be contributing to your condition.

30 MINUTE TALKS

11:30am - 5:00pm

PRESENTERS CONTINUED

1:30-2:30 – 1 Hour Special Lecture w/ David Oates "Reverse Speech"

In this talk, David John Oates, founder of Reverse Speech, will introduce the remarkable phenomenon of hidden messages embedded within normal human speech. Using real-life audio examples, he will demonstrate how language can reveal a second level of communication that reflects thoughts, emotions, and unconscious processes beyond conscious awareness. By examining reversals from everyday conversations and well-known public figures, he will show how Reverse Speech provides a unique window into the human mind and the deeper patterns that shape our lives. His goal is to help people understand this extraordinary form of communication in a practical and thought-provoking way, while exploring its implications for psychology, spirituality, and personal insight. The presentation includes live audio demonstrations, and personal consultations will be available outside the Intuitive Gallery after the Talk.

2:30-3:00 – Stela Sharp "Higher Self Guidance and Healing through Quantum Healing Hypnosis (QHHT)"

In this captivating talk, Stela will share how we can tap into the Infinite Intelligence and Healing Powers of your own Higher Self through Quantum Healing Hypnosis (QHHT®). The Higher Self is the eternal, all-knowing part of you which has the answers to all of your life questions and struggles, and can provide you with guidance and healing from any physical ailment or pain, emotional or mental trauma, subconscious block, self-limiting belief, negative thought pattern, and any other issue that may be affecting the quality of your life. QHHT allows us to open the Communication Line to this higher part of you by gently guiding you into the deepest state of Consciousness and bypassing the analytical mind. Join Stela to learn about the transformative and life-changing benefits of QHHT, which can save you years of soul-searching and guide you towards a life of wholeness, inner peace, and bliss.

3:00-3:30 – Scott Schoen "The New Apostle's Key: Tracking the Return of Sun Gods"

This is a most unusual event that won't be at the fair forever so be sure to attend. By blending biblical history with American Indian sky-watching and the alignment of the Sphinx, this journey reveals the lost codes of history's most powerful solar deities. Discover the Sun God Pattern and how easy it is to decode the ultimate secret of when the divine can re-emerge using the new Apostle's Key.

What You Will Get:

- **Astronomy:** Be the first with your friends to rediscover the "Sun God pattern" in the sky. It's easy.
- **Sacred Geometry:** Decode cosmic truths through the Sphinx's precise alignment.
- **Divine Blueprints:** Recognize the spiritual patterns left behind by Jesus and many of the Greek, Roman, and Egyptian gods using the Apostle's Key.
- **Become an Aquarian Sun-god Sentinel.** What is an aquarian sun god sentinel? Holder of the key. Watcher of the sky. Guardian of the emergence of the Aquarian Sun Gods. Now made super easy with the help of the new Apostle's Key.

Exclusive Free Gift: As a thank you for participating, every attendee will receive a complimentary copy of the new Apostle's Key for safekeeping.

30 MINUTE TALKS

11:30am - 5:00pm

PRESENTERS CONTINUED

3:30-4:00 – Lavanga Schlette w/ Aditi's Sacred Space

"Sacred Sound, Open Heart-Mantra Meditation"

Mantras are more than affirmations – they are magical and powerful friends. Done privately or collectively, learn how you can add mantra meditation to any current practice, and how it can become a key component to your personal self-care routine. Bring a mala if you have one...we'll be chanting!

4:00-4:30 – Jason Carlson, CQTP/I

"Meet your Guardian Angel"

Are you interested in connecting with the Divine in a deeper way? Our Angels each have a divine purpose and specialties and are here to lovingly assist us if we ask. Enhance your life by learning how to build and strengthen these bonds of unconditional love and divine guidance, custom-made just for you. Jason will explain the process of connecting deeper with our Angels and then will guide the group in an exercise to each meet and experience the presence of their Guardian Angel.

4:30-5:00 – Sandy Winnette

"Spirit Speaks"

Spirit speaks in many ways wanting you to see you are the masterpiece that God designed. Angels, spirit guides and strange lights from other worlds that we call UFOs are all part of creation and fill the spaces that we do not see because we are not sure, or save them within our mind. Faith is the sweet simple knowing of your own truth. Join Sandy Winnette for an eye opening experience that can expand your intuitive senses. Visit Sandy's table for intuitive readings and to share your personal stories.
