1:00-1:30 – Sharon Glenn Spiess

"Moving Energy in Our Mind, Body & Spirit to Bring About Balance & Healing Within"

We are all connected energetically to this earth and each other. Tapping into that energy can be done throughout our day.

In this 30 Minute Talk, Sharon Spiess discusses how energy moves through everything and how tapping into that energy to raise one's vibrational frequencies can bring about balance and healing. There are several easy techniques Sharon discusses that can be done throughout the day to accomplish this.

"Sacred Sound, Open Heart-Mantra Meditation"

Mantras are more than affirmations – they are magical and powerful friends. Done privately or collectively, learn how you can add mantra meditation to any current practice, and how it can become a key component to your personal self-care routine. Bring a mala if you have one...we'll be chanting!

Deborah Antich, founder and host of the Traveling Psychic Supper Club founded in Austin, Texas in 2011 is here to have an open, interactive conversation with whoever shows up to learn about each of our own, as well as the incredible collective opportunity RIGHT NOW - and to shine light on what's to come. The turning point is now - come find me.

30 MINUTE TALKS

11:30am - 4:30pm

PRESENTERS CONTINUED

3:00-3:30 – Bridge Scott Schoen

"Alien Patterns & The Inner Guide Meditation"

In this presentation, we will answer the most burning questions:

- What makes the Inner Guide Meditation so profoundly divine?
- Why should I seek to discover God's energy in the first place? What—Why would anyone say that—really?
- Is it safe? (And why channeling wandering spirits misses our true calling entirely.)
- Must I have Alien Patterns to practice the Inner Guide Meditation? – No.
- If I do not have Alien Patterns, do I still have a God link and download waiting? Absolutely—a most resounding Yes!
- Are there any requirements or prerequisites? Some experience in visualisations is certainly helpful but you can get that from the book "Inner Guide Meditation"

What are Alien Patterns in astrology? Do I have them? Do I have a destiny calling? Many people with alien patterns do have a unique destiny calling them. That is part of why I am here—to help you find it. I will present some of these alien patterns today.

3:30-4:00 – Sherri Reed

"How Your Own Body's Energy Can be Harnessed for Health & Wellness"

This short talk will introduce you to phototherapy and the use of a patented stem cell activation technology harnessing your own body's released energy to produce endogenous peptides such as GHK Copper. The approach is a holistic and healthy way to build up these peptides within the body that start to fade with age. With this technology, dormant stem cells become active and a new form of health and wellness begins. Sherri will also share her testimony regarding this product during the talk.

4:00-4:30 – Medhi (Matt) Amin Rad

"Introduction to Energy Medicine"

Overview of energy medicine about how it is linked to general nutrition and overall health of the body. Immune system intolerance and allergies as well as emotions can cause stress in the body and lead to various chronic conditions. Review various energy medicine techniques to make the body balanced.
